

**COLONIAL COACH LINES MAINTENANCE FACILITY**  
**MOUNT PROSPECT, ILLINOIS**

ESI Consultants, Ltd. was contracted by Colonial Coach Lines to provide construction management services for their maintenance facility addition. The project involved the addition of four new bus service bays, one bus washing bay, and new offices space. ESI provided construction management services and monitored individual trade contractors during construction. ESI also worked as a liaison between the owner and Cook County during the permitting and inspection processes. ESI used its experience and management expertise to navigate complicated and challenging circumstances to deliver a superior facility. Features of the project include prefabricated thermal panels providing quick installation and excellent energy savings for the client. Another key feature was the bi-level office space with balcony overlooking maintenance facility.

**Services Provided:**

- Construction Management
- Program Management
- Permitting
- Civil/Site Engineering
- Inspection assistance

This project reflects Firm  
and Staff experience.

*Excellence, Service, Integrity*
