

**LEMONT PARK DISTRICT – CENTENNIAL PARK CONNECTIVITY
AND DRAINAGE IMPROVEMENTS, LEMONT, ILLINOIS**

The Centennial Park Connectivity and Drainage project included developing a network of paths to connect the many facilities of Lemont Park District’s Centennial Park. The park is a comprehensive recreation facility providing many different recreation activities spread out over 75 acres including the Centennial Community Center; outdoor pool; lighted baseball fields; tennis courts; basketball courts; soccer fields; picnic areas; running path; a butterfly garden; “The CORE” (Fitness and Aquatic Facility); “Miracle Field” (a totally handicap accessible ball field), a Skate Park and maintenance building. The project including extending bicycle paths, adding new walking paths and multi-use paths, improving ADA access and developing the parks overall internal connectivity between facilities. The project also included enhancements to the parking areas and drainage improvements for the areas around the baseball fields and soccer fields.
